## Licence Versions

**SINGLE USER** £ 3,000.00

For individuals / small companies with fewer than 25 employees. The Report is supplied on the basis that it will not be made available (without limitation) in a corporate library or Intranet / file sharing site. Includes PDF versions of Volume 1 (Statistical Analysis) and Volume II (System Vendors).

**ENTERPRISE** £ 4,500.00

Licence allows Report to be stored on a single company web site, but no portions of the VSAT Report, electronic or otherwise, will be distributed to individuals or affiliated companies whether wholly-owned or not. Includes PDF versions of Volume 1 (Statistical Analysis), Volume II (System Vendors) and Volume III (VSAT Operators).

**MULTI-SITE ENTERPRISE** £ 6,500.00

Licence allows Report to be stored on a company web site / Intranet, and that the Report may also be provided for the use of employees of any wholly-owned companies and subsidiaries. Includes PDF versions of Volume 1 (Statistical Analysis), Volume II (System Vendors) and Volume III (VSAT Operators).

**comsys** was established in 1982 and is an acknowledged leader in the satellite industry consultancy business. Over more than 30 years, the company has built a reputation both as an advisor and publisher of reliable and verified information on the satellite industry.

**comsys** bases its reports and advice on first-hand, primary research. Staff have visited well over 500 companies in more than 80 countries as part of the company's efforts to ensure that it remains abreast of new product and service developments. **comsys** also maintains an extensive library of satellite-related information on companies and countries. We continually update our VSAT Industry Database which lists networks ranging from one to 60,000 sites in all areas of the world - it is this that gives **The VSAT Report** its unique and detailed window on the industry, its activities, developments and key players. **The VSAT Report** has played a key role with manufacturers and operators alike who use it as a base for marketing studies and strategic plans. Users have employed the study as a due diligence tool, a pre-qualification document and a confirmation of manufacturers' claims. **The VSAT Report** will assist your company in contract negotiations, business planning, product information collection, system comparison as well as offering an invaluable knowledge base of the entire market. It will also assist you in avoiding obsolescence in a fast moving global marketplace.
